

# SHEPHERDING A CHILD'S HEART...

A seminar to energize, encourage, and empower parents, grandparents, and educators.

“Dr. Tripp’s material on parenting is the clearest, most biblically framed, and most helpful that I have ever encountered. It has become the backbone of my own parenting. I am not alone, either. His seminar tapes are by far the most frequently requested biblical teaching materials among my students, counselees, and friends.”

- Dr. Edward Welch,  
*Christian Counseling and Education Foundation*

“With the plethora of material on parenting and the family, it is surprising - and distressing - to see how few books are genuinely biblical. Here is a refreshing exception. Tedd Tripp offers solid, trustworthy, biblical help for parents. If you are looking for the right perspective and practical help, you won’t find a more excellent guide.”

- John MacArthur  
*Pastor, Author, Radio Bible Teacher*

This seminar features Dr. Tedd Tripp, author of the best-selling book *Shepherding a Child’s Heart*. In writing this book, Dr. Tripp drew on his thirty-plus years of experience as a father, counselor, school administrator, and pastor. He now also includes his ten years of insights from teaching this material in his conferences offered around the world.

The things your child does and says flow from the heart, and Dr. Tripp’s *Shepherding a Child’s Heart Conference* is about how to speak to and engage with the heart of children. Dr. Tripp’s insightful teaching provides perspectives and procedures for shepherding a child’s heart into the paths of life.

Dr. Tripp says, “Parents tend to focus on the externals of behavior rather than the internal overflow of the heart. We tend to worry more about the ‘what’ of behavior than the ‘why.’ Accordingly, most of us spend an enormous amount of energy in controlling and constraining behavior. To the degree and extent to which our focus is on behavior, we miss the heart.”
