

# Mahaffey Camp Facility Rates

## Reservations for Family Camp: July 19 - 28, 2024

The Mahaffey Camp and Conference facilities are rustic, set in the Western PA foothills, surrounded by beautiful mountains. During our Family Camp in July, accommodations are comprised of over 200 privately owned cottages, 3 dormitories, 2 longhouses, many chalets, and 3 RV trailer / tent areas. Our Dining Hall serves three meals daily during Family Camp and is air-conditioned. Sandwiches, snacks and limited grocery items are available at the Camp Store. The campground continues to upgrade its facilities, as funds are available.

### Note to Occupants of North RV Sites 80-96, East RV Sites, and West RV Sites:

Sewage is installed at the site you are renting. You will need an RV sewage connection hose with a 4" thread. Reminder - any stationary porches require a building permit. Please do not build and then request permission. Permission must be granted first by the Mahaffey Camp Building & Grounds committee after the proper paperwork is completed. No building is permitted during Family Camp.

#### Campers on a sewage site need to follow these guidelines:

- Keep your septic system closed until your tank is full. Please empty the tank all at once into the system and then close your valve until full again.
- Mahaffey Camp and Conference Center will not be responsible if you do not follow these procedures and have a back flow into your RV that causes damage.
- Any broken connections will be the responsibility of the renter on the site
- As per the Mahaffey Municipal Authority: do not dispose of grease, baby wipes, diapers, personal hygiene items or garbage in the sewage system.
